

# Kidi DJ MIX

**VTech understands that a child's needs and abilities change as they grow and with that in mind we develop our toys to teach and entertain at just the right level...**

## **vtech** *Baby*

**Toys that will stimulate their interest in different textures, sounds and colours**

### **I am...**

...responding to colours, sounds and textures

...understanding cause and effect

...learning to touch, reach, grasp, sit-up, crawl and toddle

*Birth-36 months*

## **Pre-School**

**Interactive toys to develop their imagination and encourage language development**

### **I want...**

...to get ready for school by starting to learn the alphabet and counting

...my learning to be as fun, easy and exciting as can be

...to show my creativity with drawing and music so my whole brain develops

*3-6 years*

## **Electronic Learning Computers**

**Cool, aspirational and inspiring computers for curriculum related learning**

### **I need...**

...challenging activities that can keep pace with my growing mind

...intelligent technology that adapts to my level of learning

...National Curriculum based content to support what I'm learning at school

*4-10 years*

# INCLUDED IN THE PACKAGE

- Kidi DJ Mix
- Parent's Guide

## WARNING

All packing materials such as tape, plastic sheets, packaging locks, removable tags, cable ties, cords and packaging screws are not part of this toy, and should be discarded for your child's safety.

## NOTE

Please keep this parent's guide as it contains important information.

## Removing the Packaging Locks

- ① Rotate the packaging locks 90 degrees anticlockwise.
- ② Pull out the packaging locks.

# GETTING STARTED

## NOTE

This product is in Try-me mode in the packaging. In DJ Party mode (DJ PARTY), press and hold **Custom Sound Effect Button #5** for three seconds to exit Try-Me mode. If the unit powers down during play, please install a new set of batteries.

## Battery Removal and Installation

1. Make sure the unit is turned **Off**.
2. Find the battery cover located on the back of the unit, use a screwdriver to loosen the screw and then open the battery cover.
3. Remove old batteries by pulling up on one end of each battery.
4. Install 4 new AA (AM-3/LR6) batteries following the diagram inside the battery box. (For best performance, alkaline batteries or fully charged Ni-MH rechargeable batteries are recommended).
5. Replace the battery cover and tighten the screw to secure.

## WARNING:

Adult assembly required for battery installation.  
Keep batteries out of reach of children.

# BATTERY NOTICE

- Insert batteries with the correct polarity (+ and -).
- Do not mix old and new batteries.
- Do not mix alkaline, standard (carbon-zinc) or rechargeable batteries.
- Only batteries of the same or equivalent type as recommended are to be used.
- Do not short-circuit the supply terminals.
- Remove batteries during long periods of non-use.
- Remove exhausted batteries from the toy.
- Dispose of batteries safely. Do not dispose of batteries in fire.

## **RECHARGEABLE BATTERIES:**

- Remove rechargeable batteries from the toy before charging.
- Rechargeable batteries are only to be charged under adult supervision.
- Do not charge non-rechargeable batteries.

## Disposal of batteries and product

The crossed-out wheeled bin symbols on products and batteries, or on their respective packaging, indicates they must not be disposed of in domestic waste as they contain substances that can be damaging to the environment and human health.

The chemical symbols Hg, Cd or Pb, where marked, indicate that the battery contains more than the specified value of mercury (Hg), cadmium (Cd) or lead (Pb) set out in the Batteries and Accumulators Regulation.

The solid bar indicates that the product was placed on the market after 13th August, 2005.

Help protect the environment by disposing of your product or batteries responsibly.

VTech® cares for the planet.

Care for the environment and give your toy a second life by disposing of it at a small electricals collection point so all its materials can be recycled.

In the UK:

Visit [www.recyclenow.com](http://www.recyclenow.com) to see a list of collection points near you.

In Australia & New Zealand:

Check with you local council for kerbside collections.

# POWER ADAPTER CONNECTION

- Make sure your **Kidi DJ Mix** is turned off.
- Locate the **AC Adapter Jack** on the side of the unit.
- Connect an AC adapter (not included) to the **AC Adapter Jack**.
- Plug the adapter into a power outlet.
- Press the **Power Button** to turn the system **On**.

**Note:** When the toy is not going to be used for an extended period of time, unplug the adapter.

## Safety information when using power supply for toys

VTech recommend a power supply (AC/DC adaptor) of the below specification:

Power rating: 6V/800mA DC output with 3.5mm plug (positive centre).

- This toy shall only be used with a power supply for toys.
- The power supply is not a toy.
- This toy is not intended for use by children under 3 years old.
- Do not connect the toy to more than the recommended number of power supplies.
- Never clean a plugged in toy with liquid.
- Please examine the power supply periodically for conditions that may result in the risk of fire, electric shock, or injury to persons (such as damage to the supply cord, output cord, plug, blades, housing, or other parts) and that, in the event of such conditions, the power supply should be scrapped.
- Power supplies for toys are not intended to be used as toys, and the use of these products by children shall be under the full supervision of parents.

# PRODUCT FEATURES

## 1. Power Button

Press the **Power Button** to power **On** the unit. Press the button again to power **Off** the unit.

## 2. Line-In Jack

Connect an external music player here using a 3.5mm cable (cable and music player not included).

## 3. Audio-Out Jack

Connect the mixer to external speakers or headphones using the **Audio-Out Jack** (cable not included).

## 4. AC Adapter

Connect the mixer to AC power (adapter not included).

## 5. Automatic Shut-Off

To preserve battery life, **Kidi DJ Mix** will automatically turn off after 10 minutes without input. The unit can be turned on again by pressing the **Power Button**.

# Modes

## DJ Party

Create custom mixes with any of the 15 built-in tracks, adjusting all aspects of each song, or play along with your own music.

## Audio Controls

- Use the **Launch Pads** to choose different instruments to play. Each column triggers one instrument at a time.
- Press the **Preset Sound Effects Buttons** to play built-in sound effects.
- Press the **Style Button** to change the track's style. The **Launch Pads** and **Preset Sound Effects Buttons** will adjust what they play accordingly.

- Press and hold any of the **Custom Sound Effect Buttons** to record your own short sound effect and assign it to one of the five buttons. When the button lights up, it is recording. Release the button when you're finished recording. Press the button again to hear your custom sound effect.

- Scratch the **Turntable** back and forth to add scratching effects to your music. Press a **Turntable Effect Button** to change the sound effect the turntable makes.

- Press the **Vocal Track Button** to add or remove singing from the mix for all built-in songs.

- Press the **Line-In Button** to play audio from a device plugged in to the **Line-In Jack** (external music player and cable not included).

- Press the **Bluetooth® Connect Button** to connect to a nearby device via *Bluetooth®* connection. Once the device is paired, press the **Bluetooth® Input Button** to choose this as the audio input source.

#### NOTE

If your music device does not support a PIN code connection, you can disable the PIN by pressing the selection buttons.

Please use the PIN-secured connection when possible. VTech® strongly recommends keeping the PIN security on for the use of *Bluetooth®* transmission to avoid any connection by an unauthorized device. The disabling of the PIN security should only be used when the connection of an external device with PIN security is impossible. The use of the toy when PIN security has been disabled should be under the supervision of an adult.

- Use the **Crossfader** to adjust the volume balance between your selected audio source and the system's built-in sounds.

#### NOTE

When playing audio wirelessly through the system, we suggest you only adjust your smart device's volume using the **Crossfader** on the **Kidi DJ Mix** system. For best performance, set your device's volume to 100% with the **Crossfader** in the middle position to get started.

- Use the **Tempo Control Buttons** to adjust the tempo of built-in audio tracks.

- Press the **Pause Button** to pause or resume the music.

- Use the **Volume Control Slider** to adjust the overall system volume.

## Party Light Control

Use the **Party Light On/Off Button** to switch the light on or off.

## Studio

In **Studio** mode you can either record or play back tracks using the **Left**, **Right**, and **OK Buttons**.

## Record

Press the **OK Button** to enter record mode and select one of the three slots you would like to save your mix. After a countdown, recording will begin.

The system will record the sound from the **Turntable, Vocal Track, Launch Pads**, preset and custom sound effects (see **note** below), **Crossfader** actions and tempo changes. When you finish recording, press the **OK Button** to save your mix.

## NOTE

If you create new custom sound effects at a later time, when you play back tracks recorded earlier, any custom sound effects in the original recordings will trigger the system's current custom effects.

## Playback

Choose the track you would like to play with the **Left**, **Right** and **OK Buttons**.

## Academy

See how well you can repeat the patterns. When you play back a rhythm with 75% or more notes correct, your score at the top of the screen will increase. The patterns include the **Crossfader** and **Turntable** controls as well: watch the screen to see when they're indicated. A total of 11 patterns will appear in each game. Get nine or more patterns correct to unlock secret animations.

## CARE & MAINTENANCE

1. Keep the unit clean by wiping it with a slightly damp cloth.
2. Keep the unit out of direct sunlight and away from any direct heat source.
3. Remove the batteries when the unit will not be in use for an extended period of time.
4. Do not drop the unit on hard surfaces and do not expose the unit to moisture or water.

## TROUBLESHOOTING

If for some reason the program/activity stops working or malfunctions, please follow these steps:

1. Please turn the unit **OFF**.
2. Interrupt the power supply by removing the batteries.
3. Let the unit stand for a few minutes, then replace the batteries.
4. Turn the unit **ON**. The unit should now be ready to play with again.
5. If the unit still does not work, install a brand new set of batteries.

If the problem persists, please contact our Consumer Services Department and a service representative will be happy to help you.
